Materiale  
Metallo presso fuso

Incasto "a filo" dell'anta o "in appoggio".  
Nella finitura bianco opaco, è possibile lac-  
care in autonomia le maniglie come l'anta del  
mobile offrendo così una maggiore integra-  
zione. Poiché il fondo della maniglia è aperto  
è possibile inserire un fondo in contrasto o  
"tono su tono" con la finitura del mobile.

# “Touch system” MB09141

Design:  
Cairolì e Donzelli

Quando premuta, TOUCH dà accesso ad una rientranza ricavata nell'anta stessa; cessata la pressione, ritorna in posizione di riposo grazie ad un sistema meccanico.

Materiale  
Barra: alluminio  
Cerniera: zama  
Molla in acciaio  
Maniglia da incasso: Polipropilene

Vista fronte, chiusa

Vista fronte, chiusa (in trasparenza: la barra e le cerniere del sistema Touch)

Vista fronte, aperta

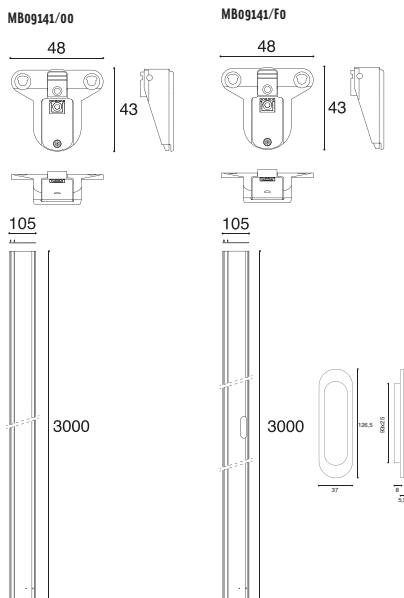

Vista fronte, aperta (in trasparenza: la barra e le cerniere del sistema Touch)

Vista retro (in trasparenza la cerniera)

Vista retro (per versione anta scorrevole verticale)

Barra alluminio satinato 50790010

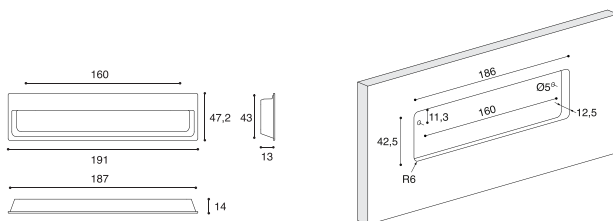

Barra alluminio anodizzato 50790020

Barra grezzo 50790000

 Scatola in metallo presso fuso  
 Tappo di copertura in nylon

## Giunto brevettato

particolarmente indicato per l'assemblaggio di letti, tavoli (in legno o metallo) e, in genere, per tutti i casi dove è importante un bloccaggio perfetto, sicuro e con una forte tenuta. Il giunto consente un tiraggio costante e continuo anche nel caso di piccoli errori di posizionamento o di foratura.
