

KALIPSO

- Kalipso è il reggipiano per la zona giorno, la zona notte e per la cucina.
- Caratterizzato dall'assenza di viti a vista.
- Previsto in diverse versioni: con foro vite, con vite euro preassemblata, con perno ($\varnothing 5$, $\varnothing 4$, $\varnothing 3$), con bussola e vite preassemblata.
- Montaggio e smontaggio manuali.
- Colori standard o personalizzabili su richiesta (previa verifica tecnica).
- Garantisce totale sicurezza grazie alla proprietà di antiganciamento.
- Peso supportato 25 Kg secondo norma UNI:EN 16337.
- Materiale: zama e plastica.
